

ReadMe file for EODEM sample XML document

This ZIP archive contains:

1. **EODEM_sample_record__V02_08.xml**: a sample LIDO record reflecting the EODEM profile in its current draft form (version 0.08, public beta). Until we finalise a version 1.0 EODEM schema, the file validates against the LIDO 1.1 schema. Whilst the record is based to some extent on a painting in the National Gallery in London, much of the data is made up, and must not be taken as an accurate representation either of the painting in question, or of the National Gallery's loan terms and conditions.
2. **N-0035-00-000177-wpu.jpg**: an accompanying image file: Titian, 'Bacchus and Ariadne' © The National Gallery, London. Bought, 1826. 3. **EODEM_sample_record__V02_08__README.pdf**, this file.

EODEM is a profile of version 1.1 of the LIDO data standard; the LIDO resources needed for an EODEM file can be accessed via
